

We truly believe that we have a gem of a practice that you will not want to pass by!

- Interested in **OWNING** your own practice?
- Interested in being an associate with a great work life balance?
- Ideally we would like to hire/or enter into a contract with a veterinarian that is interested in purchasing our practice **and** one that would like to be an associate vet. We have a community of OPPORTUNITIES!

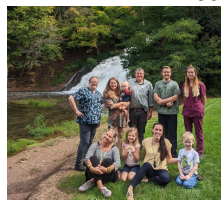

Why I joined the team and why you will want to, too!

- Friendly warm environment
- Progressive Practice-
 - State of the art lab equipment
 - App for client engagement
 - Paperless since 2000
- Fully staffed support team- who enjoy what they do!
- Great mentorship program (if needed)
- Work life balance and family friendly
 - Work schedule negotiable part time or full time positions available
 - Currently not offering after hour emergencies: Open to no after hour emergency, or you may do emergencies if preferable.
 - Closed on Sundays and 1/2 day on Saturdays
- Continuous growth minded practice
- Support your introduction into the community and can help find housing for you and your four legged friends.
- Travel and vacation planning support!
 - Dr. McKenna and Iva love to travel and see the world, and will support you in this effort if this is an interest for you!

Our benefits include:

- Signing Bonus/ Retention Bonus
- Health Insurance- includes dental & vision, and accidental
- Continuing Education 4 days/ yr + up to \$1500.00 for approved CE
- Moving expenses- up to \$2,000
- 2 weeks Paid vacation
- Clothing allowance- \$200.00/year
- Liability, malpractice and life insurance
- Excellent Pet Benefits (so good we can't put it on here!)
- Premier dream vacation planning assistance
- Licensing and dues
- Retirement IRAs

About us:

- Predominantly a small animal practice
 - Possible Opportunities: the addition of exotics, small ruminants etc.
- Our doctor respects and values opinions, is patient, positive and open to new ideas (which makes him a great mentor) and we have a great support staff.
- Our practice has state of the art equipment including fecal imagyst analyzer, HM5, digital x-ray (including dental), ultrasound, cold laser therapy, UA analyzer etc. and full in house lab. We also have a great app to interface with clients and provide the opportunity to offer telemedicine to our clients.
- Our office fosters a strong Doctor client and patient relationship.
- Our team laughs, celebrates birthdays, and special occasions as we recognize there are challenges in working in the veterinary field, but that this field is an incredibly rewarding field.

What we are looking for:

- Dedication
- Great bedside manner
- Enjoys rural lifestyle
- Works well in a team environment
- Growth minded

If this opportunity sounds interesting and you're licensed or will be licensed in New York State then come join our team!
